Section 17: Motivations to Engage in Risky Behaviors

Section 17—which deals with potential motivations to engage in or refrain from sexual intercourse before marriage—is administered only to respondents who are at least 15 years old (and who are not married).

The next questions are about how you would feel about having sexual intercourse at this time in your life. Some people have sexual intercourse before they get married. Others do not. For these questions, it doesn't matter whether you yourself have had intercourse. Just indicate whether you agree or disagree with the statements.
